Classification:	Title I Youth
Date Adopted:	01/25/18
Background:	<p>The purpose of this policy is to provide the Workforce Innovation and Opportunity Act (WIOA) youth eligibility requirements to Local Workforce Development Boards (LWDBs) and youth program service providers.</p> <p>WIOA was signed into law on July 22, 2014 and supersedes Titles I and II of the Workforce Investment Act (WIA) of 1998, and amends the Wagner-Peyser Act and the Rehabilitation Act of 1973. The Department of Labor and Education published a set of regulations for implementing WIOA. These WIOA Final Rules were made public on July t, 2016, and the rules covering the Title I youth formula program became effective on October 18, 2016.</p>
Policy:	<p>I. General Provisions Eligibility</p> <p>A) Criteria</p> <p>WIOA Section 129(a) (1) establishes the eligibility criteria that an individual must meet to participate in the WIOA youth program. Every individual receiving services under the WIOA youth program must meet either the In-School Youth or as an Out-of-School Youth eligibility criteria and enroll in the program. All youth must be a United States citizen or have the legal right to work in the U.S. and males must comply with selective service registration requirements.</p> <p>Separate eligibility criteria for ISY and OSY are outlined below.</p> <p>1) In-School Youth (ISY)</p> <p>An individual who meets the ISY eligibility criteria must:</p> <ol style="list-style-type: none"> 1. Note: Up to five percent of youth in a given program year (ISY and OSY, who ordinarily would be required to meet the low-income criteria for eligibility purposes, are allowed a low-income exemption based on this barrier).

2) Out-of-School Youth (OSY)

An individual who meets the OSY eligibility criteria must:

1. Not be attending school and,
2. Be between the ages of 16 to 24 at the time of enrollment, and
3. Meet one or more of the following conditions:
 - A school dropout.
 - A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter.
 - A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is-
 - Basic skills deficient or

Note: Up to five percent of youth in a given program year (ISY and OSY), who ordinarily would be required to meet the low-income criteria for eligibility purposes, are allowed a low-income exemption based on this barrier

II. OSY Priority

WIOA requires a minimum of 75 percent of OSY funds available to local workforce development areas be used to serve OSY. LWDA 2 policy requires 80 percent.

III. Veteran Priority of Service

The Jobs for Veterans Act (NA) of 2008 and the Veterans' Benefits, Health Care, and Information Technology Act of 2006 provides that covered veterans and eligible spouses receive "Priority of Service." Program operators must give first consideration for program participation to covered veterans and eligible spouses who meet the eligibility criteria of a U.S. Department of Labor (DOL) training, employment, or placement service in any workforce preparation program.

Veterans' priority is required under federal law; however, it is not intended to displace existing eligibility requirements for WIOA. An individual must first qualify for WIOA before a priority of service can be applied. Career Specialists and service provider representatives must use the following guidelines when determining priority for DOL-funded services:

If the existing provisions are mandatory, a veteran must meet both the existing provisions and the veterans' provisions to receive priority. A non-veteran receives priority over a veteran who does not meet the mandatory provisions. If the existing provisions are optional, a veteran receives priority.

At the point of entry, staff will inform covered persons that by identifying as a veteran or an eligible spouse, they are entitled to Priority of Service. In addition, staff must inform covered persons of the full array of employment training and placement services available, as well as the applicable eligibility requirements for programs and services.

IV. Co-Enrollment in WIOA Core Programs

LWDA 2 encourages co-enrollment in youth and adult programs (Title I) and across all WIOA core programs

where appropriate. Individuals who meet the respective program eligibility requirements may participate in core WIOA programs concurrently. (20 CFR 681.430) Such individuals must be eligible under the respective program's eligibility criteria applicable to the services received.

Program operators may determine, for these individuals, the appropriate level and balance of services under the youth and adult programs. Program operators must identify and track the funding streams which pay the costs of services provided to individuals who are participating in youth and adult programs concurrently, and ensure no duplication of services. When determining in which program(s) to enroll a participant, the decision must be based on the service needs of the participant.

V. Requires Additional Assistance to Complete an Education Program or to Secure or Hold Employment

LWDA 2 requires and follows the state definition for "requires additional assistance to complete an educational program, or to obtain or retain employment" criterion of In-School Youth (ISY) and Out-of-School (OSY) eligibility. As required by WIOA Sec. 129 (a)(3)(B), not more than five percent of the ISY newly enrolled in a given program year may be deemed eligible based on the "requires additional assistance to complete an educational program or to secure or hold employment" criterion.

A) Determining Low Income Status

Income is determined by collecting information from the family for the complete six month period prior to application. After verification of family size

and the total reported six month income is collected, this figure is then doubled (annualized) and compared to the Lower Living Standard Income Level (LLSIL).

All ISY and some OSY must be "low income" to qualify for WIOA services (unless they qualify under the five percent window/low income exception as outlined in the next section).

B) Low Income Eligibility Exception

The WIOA five percent low-income eligibility exception exists where five percent of local area participants who ordinarily would need to be low-income do not need to meet the low-income provision.

C) High Poverty Area Designation

In accordance with Section 129(a) (2), the term low-income includes a youth living in a high-poverty area. An area is designated as high poverty if it has a poverty rate of at least 25 percent as set every five years using American Community Survey five-year data.

D) Compulsory School Attendance Laws

In order to comply with the State's compulsory attendance law and WIOA's priority and noninterference requirements, youth at an age where they are required to attend school do not have an exception to the regular school attendance requirements. Youth who have not graduated may be served as an out-of-school youth. School attendance will be a priority and services will be provided outside of the regular school day. Therefore, services provided to out-of-school youth within the age of compulsory attendance must be provided outside of the regular or mandatory school day. For purposes of compliance with the compulsory attendance law, a regular schoolschedule is defined as the days and time during which school is normally held, as set by the local school board.

E) Selective Service Registration

Males age 18 or older must be registered with the Selective Service in order to be eligible for WIOA Youth services. In order to maintain eligibility for the WIOA services, a male participant who turns age 18 while participating in the program must register for Selective Service.

F) Youth with Disabilities

WIOA has made youth with a disability a separate eligibility criteria. OSY with a disability are not required to be low income but ISY with a disability must be low income. However, an individual with disability verification is not based on the family income but the income of the youth.

G) Eligibility Documentation

In order for an individual to receive WIOA youth program services, a youth must meet the eligibility criteria for either an ISY or OSY. Supporting eligibility documentation is required to be collected and used to determine

eligibility. WIOA establishes strict participant eligibility, priorities and requirements for participation to account for the proper use of Title I funds. LWDA 2 policy establishes a local process for collecting and maintaining eligibility verification documentation and ensure that the documentation that is collected is made available for review by auditors and local, state and federal representatives. Youth service providers must obtain and maintain documentation that supports the determination for eligibility and continuous participation.

H) Deferred Action for Childhood Arrivals

WIOA section 188(a)(5) contains a specific nondiscrimination provision that provides that participation under the WIOA is available to citizens and nationals of the United States; lawfully admitted permanent resident aliens, refugees, asylees and parolees; and other immigrants authorized by the Attorney General to work in the United States. Individuals with employment authorization qualify under this provision as "immigrants authorized by the Attorney General to work in the United States." This includes "Deferred Action for Childhood Arrivals" (DACA) participants with employment authorization. Participants identified as DACA participants must meet the WIOA eligibility requirements to access any WIOA services for which they would otherwise qualify. Career Specialists and service provider representatives must obtain appropriate documentation of employment authorization. The documentation must include self-attestation, at a minimum. The DACA process is for individuals who came to the United States as children and:

- Were under the age of 31 as of June 15, 2012.
- Came to the United States before reaching their 16th birthday.
- Have continuously resided in the United States since June 15, 2007, up to the present time.
- Were physically present in the United States on June 15, 2012, and at the time of making their request for consideration of deferred action with U.S. Citizenship and Immigration Services (USCIS).
- Entered without inspection before June 15, 2012, or their lawful immigration status expired as of June 15, 2012.
- Are currently in school, have graduated or obtained a certificate of completion from high school, have obtained a general education development (GED) certificate, or other equivalent State-authorized exam in the United States, or are an honorably discharged veteran of the Coast Guard or Armed Forces of the United States.
- Have not been convicted of a felony, significant misdemeanor, three or more other misdemeanors, and do not otherwise pose a threat to national security or public safety.

The DACA process may result in a two-year period of "deferred action," or relief from removal from the country or from entering into removal proceedings, subject to renewal, and issuance of employment authorization for the period of deferred action. Therefore, a DACA participant whose case has been deferred is eligible to receive

employment authorization for the period of deferred action, provided he or she can demonstrate "an economic necessity for employment."
